# **Finance Schemes Explained**

# Personal Contract Purchase (PCP) – Explained

If you want to make fixed regular payments and guarantee the future value of your car, then Personal Contract Purchase could be the right option for you.

## •How it works

- Simply choose the car you wish to purchase, agree your annual mileage and decide your agreement term of between 20 and 48 months
- Based on your chosen term and mileage, FCA Automotive Services will determine the Guaranteed Minimum Future Value (GMFV) of your car at the end of your agreement. The GMFV is deferred to the end of the agreement and is the optional final payment.
- The GMFV and any deposit are deducted from the price of your car. You make regular payments based on the remaining balance plus the agreement interest.
- At the end of the agreement, just choose from one of the following options:
  - i. Renew. Choose a new car from your Retailer and use any excess value over the GMFV towards your deposit. You can trade in your old car or sell it privately.
  - ii. Retain. To keep your car, you only need pay the GMFV.
  - iii. Return. Simply return your car to FCA Automotive Services in good condition and within the agreed mileage

## •Benefits

- Fixed monthly payments for easy budgeting
- Your monthly payments are reduced because the GMFV is deferred to the end of the agreement
- The Guaranteed Minimum Future Value protects you against any potential fall in used car values
- With shorter terms you can be driving a new car more often, meaning your servicing and maintenance costs may be reduced. This also allows you to keep up to date with technological advancements in car safety, performance and economy.
- Flexibility – you choose the deposit, annual mileage and agreement term to suit your needs; and at the end of your agreement you choose which of the three options is right for you.

# Personal Contract Hire (PCH) – Explained

**PCH is effectively a long-term car rental. Many people think it's only available to businesses, but it's not. With a lease agreement you effectively agree to hire a vehicle for a set period of time based on a pre-agreed annual mileage.**

## **How it works**

- Simply choose the car you wish to lease, agree your annual mileage and decide your contract term of between 24 and 60 months
- Based on your chosen term and mileage, Leasys will provide the monthly rental cost
- At the end of the agreement simply return your car\* to Leasys in good condition and within the agreed mileage

## **•Benefits**

- Fixed monthly rentals helping you to budget
- Low initial rental
- Cost effective - the monthly rental for a PCH agreement will generally be lower than those of a personal loan or PCP
- Vehicle Exercise Duty (road tax) will be included for the duration of the agreement
- Option to add maintenance cover
- No depreciation concerns
- Access to higher specification vehicles - luxury cars tend to depreciate at the slowest rates providing the best personal contract hire deals

\*If you go over your agreed annual mileage then you will need to pay an excess mileage charge. This is calculated on a pence-per-mile basis and will be shown on your finance quotation. Finance is subject to status, a guarantee or indemnity may be required. Leasys, SL1 ORW.

# Advance Payment Plan (APP) – Explained

**No monthly payments, just a single, up-front payment followed by a choice of three final options at the end of your agreement term**

## •How it works

- Simply choose the car you wish to purchase, agree your annual mileage and decide your agreement term of between 20 and 36 months.
- Based on your chosen term and mileage, FCA Automotive Services will determine the Guaranteed Minimum Future Value (GMFV) of your car at the end of your agreement. The GMFV is deferred to the end of the agreement and is the optional final payment.
- The GMFV is deducted from the price of your car; you simply pay the remaining balance plus any agreement interest as a single upfront payment.
- At the end of the agreement, just choose from one of the following options:
  - i. Renew. Choose a new car from your dealer and use any excess value over the GMFV towards your deposit. You can trade in your old car or sell it privately.
  - ii. Retain. To keep your car, you only need pay the GMFV.
  - iii. Return. Simply return your car to FCA Automotive Services in good condition and within the agreed mileage.

## •Benefits

- Ideal if you were planning to pay for your car outright. By deferring part of the initial outlay until the end of the agreement term there is less to pay today.
- No monthly payments
- The Guaranteed Minimum Future Value protects you against any potential fall in used car values.
- With shorter terms you can be driving a new car more often, meaning your servicing and maintenance costs may be reduced. This also allows you to keep up to date with technological advancements in car safety, performance and economy.
- Flexibility – you choose the annual mileage and agreement term to suit your needs; and at the end of your agreement you choose which of the three options is right for you.

# Hire Purchase (HP) – Explained

**Benefit from a regular payment structure with outright ownership of your car at the end of the term**

## •How it works

- Simply choose the car you wish to purchase, the amount of deposit you want to pay, and decide your agreement term of between 12 and 60 months.
- Any deposit is deducted from the price of your car. You make regular payments based on the remaining balance plus the agreement interest.
- Once all payments have been made, you will own your car outright.

## •Benefits

- Fixed regular payments for easy budgeting
- Flexibility - you choose the deposit and agreement term to suit your needs
- You own your car at the end of the agreement with no deferred lump sum to pay

# Privilege Purchase Scheme Price List

## Terms & Conditions

All vehicles are offered subject to availability. Participating Retailers only, contact 01753 519548 for details.

Promotions are applicable to brand new unregistered vehicles only and must be registered in the customer's name. New orders must be placed between 08/03/23 - 31/03/23 (exceptions & restrictions apply on some limited stock and promotional offers). 'Registered vehicle' means a vehicle which is registered as a new vehicle with the DVLA in the customer's name. The vehicle must be physically available in the UK before it is able to be registered. Vehicles registered after the expiry date will be subject to the offers which are in place at the time of registration.

The OTR prices are the retail prices or include the Scheme discount if applicable, RFL, VAT, first registration fee, number plates and delivery. First year VED charges are now calculated from CO2 values determined by the new WLTP test procedure. The on the road (OTR) prices quoted in this price list are for a basic version of the vehicle and may change during the customer's configuration phase depending on the type of equipment and / or the size of the tyres which are selected, and which may also increase the VED rate. Please confirm the correct OTR price for your final vehicle specification with your Retailer prior to placing an order.

The Privilege Purchase Scheme offers cannot be used in conjunction with the Group Sales or Affinity Scheme (includes Group Staff, Group Retailer Staff, Group Supplier Staff & Group Affinity Staff) offers, retail incentives or any other offers unless specifically stated.

The savings shown are against the manufacturers recommended retail prices.

This document is for the buyer's guidance only, prices shown should be confirmed with your Retailer. Fiat Chrysler Automobiles UK (FIAT) will not be held responsible for any errors contained within this price guide. The purchaser should consult their local franchised Retailer for the current information prior to confirming their order.

FIAT reserves the right to alter, amend or withdraw prices and offers without notice.
